

One is the Line up order for the Processional.

Goshen, Trinity, South Walton, Vernon, Montgomery Catholic, and Jay will line up on the front sideline and march out on the field during the procession.

Niceville, Crestview, Tate, Mosley, Arnold, Davidson, Russell Co, Bay, Central and Murphy will line up in the NORTH END ZONE (end with the construction) and follow my students onto the field. (IMPORTANT) It would help a lot if your students would make note of where they should stop on the field.

Luverne, Carroll, Navarre, Sylacauga, Tallassee, Chilton Co, Chipley, Holtville, Berry, Demopolis and Marbury will line up in the SOUTH END ZONE (end with the statue of Hector) and will follow my students onto the field. (IMPORTANT) Again, It would help a lot if your students would make note of where they should stop on the field.

Students should go to the line up areas once the Troy University Band has concluded it's performance. DO NOT RUSH THE FIELD!!!! Move calmly to your position to line up. My students will have signs with your band's name on it. They should line up behind them. After that, its just follow the leader. You may want to send your representatives to a location closer to the field level before the Troy University Band performs, if you are seated in the upper deck.

Once everyone is in place, the Ceremony will begin.

The other document is a chart of where your representatives will be located on the field, for the ceremony.

Please try to limit the number of representatives you send to the field for the ceremony. You will only have the area between the yard lines.

I will have guides to help your students and line them up.
